FROM: Carol Dinuzzo, Controller, SCLC
SUBJECT: Budget Status, FY2021/22 – (DISCUSSION)

BACKGROUND: The Budget Status Report for Fiscal Year 2021/22 is attached for your review and reflects the reconciled bank statements through June 30, 2022.

REVENUE: Most membership dues have been received and reminders have been sent to any jurisdictions with outstanding invoices. Most grant revenue has been received with the final 10% expected once all final reporting has been completed.

EXPENSES: Overall, all expenses fall within the total budgeted amount for the fiscal year. However, there were a few line items where some unanticipated expenses were incurred.

- Personnel Expenses – With the retirement of the Executive Director in February, came the additional expense of a full payout of vacation time upon departure. Additionally, there was a slight increase in dental, vision and life insurance that occurred mid-year.
- Operating Expenses – Increase due to replacement of staff laptops and associated software and IT support. Also, a slight increase in postage due to additional grant support.

CLSA ROLLOVER FUNDS:

- FY 2019/20: All funds have been expended.
- FY 2020/21: All funds have been expended with the exception of a remaining balance $65,848 originally earmarked for Digilabs and will be reallocated to use toward E-Resources.

FISCAL IMPACT: Pending final close out of FY2021/22 grants.

RECOMMENDATION FOR ADMINISTRATIVE COUNCIL: Informational.

FROM: Carol Dinuzzo, Controller, SCLC
SUBJECT: Budget Status, FY2022/23 – (DISCUSSION)

BACKGROUND: The Budget Status Report for Fiscal Year 2022/23 is attached for your review.

REVENUE: All approved CLSA allocations and current grant awarded amounts have been included. PLSEP grant awards are still pending. With no other grants or special projects on the horizon, it is expected that there will be a significant shortfall in revenue. Although, there will be some roll over funds once FY2021/22 closes out, it is likely that reserve funds may need to be utilized to cover personnel and operations by the end of this fiscal year.

EXPENSES: At this stage in the fiscal year, most expenditures have been personnel related along with a few operational costs.

CLSA ROLLOVER FUNDS:

- FY 2020/21: All funds have been expended with the exception of a remaining balance $65,848 originally earmarked for Digilabs and will be reallocated to use toward E-Resources.

- FY2021/22: There will be rollover funds for E-Resources ($288,419), Audit ($6,905), Delivery ($22,013), and Telecommunications ($21,742). There is also a balance of $35,000 in Resource Sharing originally set aside for the Digilab project that may need to be reallocated, depending on how to Administrative Council would like to utilize these funds.

PENSION LIABILITY: The annual prepayment for the CalPERS pension liability was paid in July. Although there has been discussion about making an additional discretionary payment (ADP) toward the liability, it is recommended that this be put on hold until the deficit in revenue is addressed.

FISCAL IMPACT: Potential shortfall in revenue for the current fiscal year.

RECOMMENDATION FOR ADMINISTRATIVE COUNCIL: Informational.

TO: Administrative Council

FROM: Elizabeth Goldman, Past Chair

SUBJECT: Approval of the 2022-25 Strategic Plan – (ACTION)

BACKGROUND: For the past nine months, SCLC has been engaged in a process to develop a three-year strategic plan to guide the organization from 2022-2025. In November 2021, SCLC contracted with consultants BerryDunn, who have conducted research, engaged the Administrative Council and staff in the planning process, and developed a draft plan.

DISCUSSION: Building upon input from the Administrative Council planning session on March 29, plus focus groups and surveys that had taken place in February and March, BerryDunn drafted a plan that was presented to the Executive Committee and Administrative Council in May 2022.

The draft plan identifies three overarching strategic priorities:

- SCLC will serve as a resource nexus, connecting member libraries and their populations with a wide variety of innovative, relevant, and high-value resources.
- SCLC will communicate its operations and advocacy in a modern, timely, and effective manner.
- SCLC will operate in a fiscally and operationally sustainable manner.

Each priority area is accompanied by one or more goals and objectives to be accomplished over the next three years. A timeline included with the plan identifies when work will ideally happen as well as the specific outcomes or measures to determine if goals have been achieved.

The full draft, including these elements, is included as an attachment to this item.

Responsibility for carrying out the objectives of the strategic plan will largely rest with the interim/permanent Executive Director and the Administrative Council. SCLC staff may be given assignments as fit within established work duties, and for some activities, SCLC may elect to bring in outside consultants. For the plan to be successful, Administrative Council members will need to commit to some additional time to support participation in ad hoc committees focused on various areas.
FISCAL IMPACT: There is no fiscal impact to today’s vote. As relevant, actions within the plan that require funds will be brought back to the Administrative Council as part of the budget or separately for votes during the plan implementation period.

ADMINISTRATIVE COUNCIL RECOMMENDATION: Adopt the SCLC 2022-25 Strategic Plan

Welcome Message

The Southern California Library Cooperative (SCLC) is an organization with a long and meaningful history providing services to the public libraries of Los Angeles and Ventura Counties. Throughout our existence, despite changes to our name, membership, and funding, SCLC has consistently focused on expanding access to resources and information. By bringing together the 40 member libraries, SCLC has shown the strength of the collective, supporting coordination and interconnectedness through a vast and diverse region of more than 10 million residents.

Like our member libraries, SCLC has found the pace of change to be increasing each year, requiring a more focused effort to identify our vision and strategies to implement that vision. This plan reflects a year-long effort by the SCLC Administrative Council to engage in discussion about present strengths and challenges as well as future opportunities and needs. Administrative Council members representing each of the 40 member libraries considered the constituencies they serve locally as well as their part in the larger regional context. Planning efforts considered state trends, limited resources, diverse populations, and creative ideas.

The resulting plan will guide SCLC’s work for the next three years. By prioritizing and focusing efforts, SCLC will emerge a stronger organization able to build on its history by providing even greater returns to the communities it serves.

Elizabeth Goldman
Chair, 2021-22

Gary Shaffer
Chair, 2022-23
The Southern California Library Cooperative is a joint powers authority representing the interests of 40 member libraries in Los Angeles County and Ventura County. In accordance with the California Library Services Act, all public libraries in California are eligible for membership in a cooperative, and through the cooperatives, the California State Library (CSL) and California Library Services Board (CLSB) distribute funding for resource sharing and cooperative activities.

Originally founded in 1966, SCLC has a long tradition of resource sharing exhibited through reciprocal borrowing privileges for patrons, the delivery of requested and returned materials throughout the region, and for many years, the provision of second-level reference services to supplement local library capacity. More recently, SCLC has maintained a digital content management solution for participating libraries, sponsored shared programming, and maintained shared database licensing.
The SCLC Administrative Council is charged with the administration of the cooperative system and consists of the library director or designee from each of the 40 members. The Council meets four times per year and can sponsor and oversee several committees and interest groups formed to leverage subject matter expertise and promote cross-library communication and best practices. The Executive Committee is represented by eight of the Councilmembers and meets six times per year to work on specific areas requiring more in-depth conversation.
SCLC derives funding from three primary sources—California Library Services Act (CLSA) funding, membership dues, and indirect and staffing fees derived from administering grant projects, often at the request of the CSL. SCLC also derives income by providing administrative and fiscal services for four other CLSA systems, namely, 49–99 Cooperative Library System, Inland Library System, Santiago Library System and Serra Cooperative Library System.

SCLC has five full-time staff positions: Executive Director, Deputy Director, Controller, Project Manager, and Administrative Assistant, whose work is governed by the Council.

The creation of this plan has been an inclusive and collaborative process between the 40 member library systems of the Southern California Library Cooperative. The quantity and diversity of the communities the cooperative serves required a wide range of input methods to ensure this plan was inclusive of the needs and perspectives of its members.

In the fall of 2021, SCLC leadership sought a consultant to assist the organization in developing a three-year strategic plan. The plan would serve as a working document to prioritize known projects and to establish a framework for prioritizing new opportunities. Once a consultant was selected, the Executive Director, Administrative Council Chairperson, and consultant began meeting biweekly to manage the strategic planning process.
Central to this process was a robust environmental scan and outreach effort to identify potential opportunities, challenges, and trends that might affect strategic directions and priorities. As part of the environmental scan, stakeholder interviews were conducted with SCLC staff, member libraries, and the CSL staff. An online engagement platform called Social Pinpoint was setup to allow members of the Administrative Council to provide feedback and ideas. Demographics of member libraries, CLSA Plan of Service Documents, and membership agreements were also examined to provide information on structure and funding, as well as to provide context on past goals and responsibilities.
A strategic planning workshop was held for the Administrative Council on March 29, 2022. This half-day session identified key strategic areas of focus that can serve as a guide for allocating resources and prioritizing work efforts. This workshop identified the elements for a vision, strategic priorities, and strategies that will guide SCLC for the next 3-5 years.

Following the workshop, this strategic plan was developed with the consultation of the SCLC Administrative Council Chairperson and Executive Director.
Acknowledgments

Our thanks to the following teams and individuals who invested their time and energy in our process and to every member of the cooperative who participated in the strategic planning retreat, forums, surveys, and other forms of input. Every bit of input has been heard and considered, and we are thankful.

The Administrative Council adopted the plan on XX YY, 2022.

FROM: Gary Shaffer, Chair  
SUBJECT: PressReader Update and Next Steps – (ACTION)

BACKGROUND: In September of 2021, SCLC enter into an agreement with Baker & Taylor (B&T) in the amount of $632,332 for a 2-year-period to procure PressReader on behalf of the Cooperative. At the time it was believed that this was the highest and best use of state grant funds that needed to be spent on shared electronic resources.

While the resource offers access to over 7,000 global newspapers and magazines, a key reason for the procurement was the fact that the Los Angeles Times (LA Times) was featured on the platform. On July 1, 2022 the LA Times was abruptly removed from the platform without notice. SCLC later learned that this was at the direction of the LA Times. PressReader and Baker & Taylor were not made aware of this removal until it occurred.

June to July usage of the product by cooperative's service area residents overall declined from 1,272,661 to 875,109 articles opened, a decrease in usage of 32%. B&T claims to be in negotiations with the parties but we do not believe these are active or that B&T have any leverage. The LA Times is but one media company represented on the platform and our contract did not mention the LA Times specifically, or that its removal from the platform would trigger any changes to the contractual arrangement.

We believe SCLC may have the most leverage in convincing the LA Times to reenter the platform because of the amount of revenue we collectively provide the newspaper. This said SCLC is in no way advocating the cooperative members boycott the paper, just that SCLC advises the LA Times of our collective impact to the paper’s bottom line.

FISCAL IMPACT: There is no additional fiscal impact at this time, as the contract has already been approved using grant funds from a previous year.

RECOMMENDATION: 1) Conduct a survey of all member libraries to collect current annual spending on physical subscriptions to the LA Times. 2) Authorize the Chair to draft a letter advising LA Times management of the negative impact to our member libraries’ residents, the amount of revenue we provide them, and asking them to please enter into negotiations with PressReader. And 3) Conduct any follow up negotiations with the LA Times.

SUBJECT: CLSA 21/22 Annual Report – (ACTION)

BACKGROUND: Each year the California State Library (CSL) requires an Annual Report from each system. The Annual Report is an opportunity to report to the California Library Services Board (CLSB) and CSL how California Library Services Act (CLSA) funds were spent by SCLC and the resulting benefit to the communities served by its member libraries.

A survey will be distributed to SCLC directors requesting feedback on:

1. How delivery services directly benefitted their patrons in FY 2021/22
2. How the PressReader subscription benefitted their patrons in FY 2021/22
3. The benefits of the DigiLab program in FY 2021/22

FISCAL IMPACT: None

RECOMMENDATION: Authorize the Interim Executive Director to work with the Chair to complete the CLSA 2021/22 Annual Report for submission to the State Library by September 6, 2021.

Introduction

This packet contains the reporting documents to file the FY 2021/22 CLSA System Program Annual Report. The key areas to complete are:

1. Communications and Delivery program workload and plan of service objective evaluation
2. Detailed reporting of all System expenditures, including one-time funding allocations (see separate attachment for all expenditures)

Once you have completed the process, please email a copy to monica.rivas@library.ca.gov and mail a signed original and one copy of the report to:

California State Library
Fiscal Office – Gina Iwata
P.O. Box 942837
Sacramento, CA 94237-0001

All annual report documents must be postmarked by September 06, 2022

Please contact Monica.Rivas@library.ca.gov with any questions.
The Expenditure Report is expected from all systems. This does not mean that all systems received equal funding, or that they have the same income sources, system services, or expenditure programs. What was expended should be presented in the same way, through use of the System Expenditure Report.

This Expenditure Report is used to document all the actual expenditures made at the system level and should not be confused with the System Detailed Budget. For the purposes of this report, all legal encumbrances should be considered as expenditures. Funds put into equipment revolving funds are considered to be encumbered and should be shown as expenditure. All amounts entered on this form represent expenditures from a specific income source and for a particular program category. If there is more than one income source for expenditures against a single category, it should be shown that way and then totaled in the "Expended/Encumbered" column. It should be noted here that the sources of funds for expenditures are the same as those used in the System Detailed Budget, shown as income sources, but now the system is spending against these income sources.

We realize that it may not be possible to have all the final accounting data available in time to comply with the September 3 deadline for this report. If this is the case, please make all attempts to provide the latest data available. When the final data is made available, please resubmit a revised document with that data.

This expenditure form is a matrix with the income sources supporting expenditures as one dimension and system program expenditure categories as the other. Note that only major categories of expenditure are required -- this is not a line-item expenditure report. However, all programs and services offered through the system should be included (i.e., LSTA programs, local programs, etc.) whether they are funded by CLSA or not. Likewise, all sources of expenditure should be included. The System Expenditure Report should offer as complete a picture of the system's services and sources of support for those services as possible. Note that all income received is considered to be either expended/encumbered or unexpended/unencumbered.

Expenditure Source Definitions

a. "Total Funds Budgeted." This column is for final budget figures, i.e., the final spending authority for the reported fiscal year. This final budget figure is used instead of the preliminary budget figures from the System Detailed Budget to reflect as accurately as possible what actually occurred during the reported year. One of the values in having similar forms for these reports is to permit the System Detailed Budget figures to be compared to the actual expenditure in the System Expenditure Report. This comparison, along with other planning documents, will aid Systems in determining how well their budget estimation and planning process is working.

b. "CLSA." Enter the amount expended for each expenditure category for the CLSA C&D Program. Include only the C&D program baseline amounts for Program 2. PC&E should be shown in Column b (CLSA) for Program 1 (System Administration).

c. "LSTA" includes expenditures for System Administration grant awards and any other LSTA awards that the System has received for the fiscal year. See Program Definition below.

d. "Local funds/fees" means those expenditures against the total of all member contributions, charges, or other
income generated by the System itself. Include expenditures for System reference here, and income from sales of publications.

e. "Interest" means expenditure against interest earned on System funds from whatever source.

f. "Other" is used for expenditures against sources of income not otherwise covered, e.g., local project grants or government programs other than LSTA. Include transfers from System reserves.

g. "Expended" funds already used or paid out. (b through f).

h. "Encumbered" funds are placed aside for a specific future expense (b through f).

i. "Unexpended Balance" is the difference between the total budgeted (a) and the total expended/encumbered (g & h).

Encumbered Funds from Prior Year and Rollover

State (CLSA), Federal and Local funds encumbered from prior year and not yet expended. Funds rolled over from within the three years allocated to spend CLSA funding. You will be asked in the narrative to state the fiscal year, the amount of rollover funding still unspent or encumbered, the intended purpose of those funds from the Board approved Plans of Service, and the reason why funds are still in rollover status.

Program Definition

A program includes any program, service, or project, administered, and funded through the System. This includes not only the CLSA System C&D Program and (System Administration/Baseline) but also LSTA demonstration projects, System reference, and the like. It does not include programs, projects, and services which are administered and funded separately from the System.

Other Definitions

"Indirect" means any administrative charge made by a jurisdiction against System operations. Unless documented elsewhere in the Plan of Service, attach a description of the services received.

"Grand Total Expenditures." Use this line for total actual expenditures for all System programs.

In summary:

1) This is an expenditure document, not a budgeting document.

2) This is an accounting document and should be as accurate as possible.

3) Legal encumbrances should be considered the same as expenditures.

4) If there are expenditures from more than one income source for a specific program category, this should be indicated and then totaled in the “Expended/Encumbered” column.

A NOTE section was provided in the System Expenditure Report as a section if further explanation is needed (example: funds from multiple years).

We welcome comments on your experience in using this form and would appreciate any suggestions for its improvement.

SUBJECT: SCLC Controller Update – (ACTION)

BACKGROUND: After fulfilling a 5.5-year tenure, our Controller, Carol Dinuzzo, has accepted an offer from an outside organization. Her last day will be Friday, August 19. She is hopeful to join us briefly at our August 24 meeting to provide her last financial report and so that we may wish her well in the next chapter of her life.

Interim Executive Director Wayne Walker and I have been strategizing on next steps. We have had conversations with a temporary agency, an accounting firm, and our sister cooperatives (e.g. PLP) to see if they could temporarily, or on a longer term basis, takeover the controller’s duties. It is clear that our sister cooperatives do not have adequate personnel to fulfill our controller duties on a short or long term basis. They could however act in an advisory capacity.

FISCAL IMPACT: We expect there will be additional costs for the solution to fulfilling the controller duties, on both a short and potentially on a long term basis, but the amounts are unknown at this time. Cost to have a sister cooperative consult on an ad hoc basis would be $150 per hour.

ADMINISTRATIVE COUNCIL RECOMMENDATION: 1) Authorize the Chair to enter into an agreement with a temporary agency or an accounting firm to fulfill controller duties. 2) Authorize the Chair to enter into an agreement for accounting consulting purposes with one of our sister cooperatives on an as-needed basis.

SUBJECT: Executive Committee Appointment – (ACTION)

BACKGROUND: The SCLC Bylaws state that the Executive Committee will be composed of the Council Chair, Vice-Chair/Chair Elect, immediate Past Chair and one member from each of the California State Library Statistical Groups as published annually in the California Library Statistics. Each representative serves a two-year term. Terms are staggered so that the entire Executive Committee does not change in a single year.

DISCUSSION: The City of Commerce is currently serving on the Executive Committee from Statistical Group 5. With the retirement of the Director, Beatriz Sarmiento, there will be a vacancy on the Committee served by this Statistical Group. A library from this group will need to be nominated and voted in to fill the vacancy.

Statistical Group 5

Irwindale
San Marino
Santa Fe Springs
Sierra Madre

FISCAL IMPACT: None

RECOMMENDATION: Nominate and appoint a library from Statistical Group 5 to fill the vacancy left by Commerce and serve on the Executive Committee.

FY21-22 Public Libraries Survey
The portal for data submission will open September 1, 2022. Register now for the annual Info Session, where we’ll cover new data elements, tips for avoiding edit checks, reacquaint you with LibPAS, and answer your questions is now open. The info session will occur Tuesday, August 23, 2022 at 10:00 a.m.

On the State Library’s statistics page, you will find a Monthly Stats Workbook (Excel) that should be helpful to you in collecting monthly statistics, such as library visits and hours open, and programming statistics broken down by age, format, and location. Please feel free to share this with any and all of your colleagues who track data during the year.

FY20-21 Public Libraries Survey results
A very big thank you to all California public library directors and staff who gathered and submitted data about libraries’ finances, services, programs, and collections; 100% of California public libraries participated! Datasets are now available in the new California Library Statistics database.

California State Library Parks Passes
Thank you for submitting your additional parks pass requests, and circulation data. Additional passes will be distributed in November.

Parks pass users (people who have checked out the parks passes) can fill out the user survey now and get entered into a contest for an Explorer Pass – an annual State Parks pass worth $195. The drawings will occur quarterly (the next one at the end of October). We have half-page flyers being printed now and heading to your library. Please place the half page flyers in with the parks passes, or ask your staff to hand them out when people check out or return the parks passes. Since we only want people to fill out the survey if they have used the pass, we are not doing any marketing to the general public, but appreciate your help with getting the word out. People who have checked out the passes in the past, but didn’t fill it out, can access the survey online. The pass is also available by scanning the QR code on the back.
**Vaccinate All 58** is mailing out some activity sheets and information flyers about covid-19 and vaccines. Since there is some clear overlap in health outcomes between the parks passes and covid-19 safety, and there is a statewide initiative to get people correct health information, Vaccinate All 58 printed some materials that could be put in with the parks passes when you circulate them if you choose. These should have arrived by now.

An [updated toolkit for the Parks Pass program](https://www.cslib.org) is on the CSL website, with links to flyers, circulation guidelines, and more.

Building Forward Infrastructure Funding for California Libraries
The first round of applications for this program closed on March 21, 2022.

There is $439 million in one-time funds in the Building Forward Library Infrastructure program to assist public libraries in economically challenged areas around the state. The 2021-2022 budget sets these priorities for use of the funds:

1. Projects addressing life safety and other critical maintenance needs; and
2. Projects serving high poverty areas of the state.

Other library infrastructure projects may be considered if funding remains after priority projects have been evaluated. Awards are expected to be announced soon. Those who do not receive grants during the first round will be automatically considered in the next round of applications. The maximum grant a library can receive is $10 million. Funds must be used by March 31, 2026. For more information about the program, visit the State Library’s website at www.library.ca.gov/grants/infrastructure and email questions to BuildingForward@library.ca.gov

eBooks for All CA
An update to previous eBooks for All CA announcements – Overdrive is now fully integrated. Palace can now serve as your patron’s one stop-shop for Overdrive, Cloudlibrary and Statewide eBooks. We have also added ~$800,000 worth of audiobooks to the collection.

Integrating Overdrive with Palace should have no effect on your user’s experiences inside of Libby or the Overdrive app and will not share your Overdrive collection with any new entities.

Every public library in California can now participate in the statewide “eBooks for All” project. Full details can be found on the State Library’s e-book page. Joining is as simple as emailing casupport@thepalaceproject.org and saying, ‘My library is interested in joining.’ The project implementation team will take it from there.

You likely have questions on how this will impact existing collection development practices and how it works with your current eBook ecosystem. We have generated an FAQ and recorded a live Q and A session to help answer those questions directly.

FAQ
Recorded Answer Session
This program is now expanding to include eAudiobooks! More details are to follow, but the collection will soon include approximately 700 titles accounting for 16,000 copies. All the licenses are one-copy-one-user and perpetual, so the base of the collection will serve California well going forward.

**CAreer Pathways: Digital Learning Platforms for All California Public Libraries**

The California State Library is entering into contract talks with Brainfuse, Coursera, EBSCO, GetSetUp, LinkedIn, Northstar, and Skillshare for an additional two years of access to the platforms. We expect to make further announcements about platform availability, next steps for libraries, trainings, outreach and more at the end of August or beginning of September.

For current implementation, vendors have provided set-up information to the library staff you identified; each platform has a different access model. Information sessions, marketing materials, and FAQs can be found on the Staff Support page at [https://www.library.ca.gov/grants/career-pathways/](https://www.library.ca.gov/grants/career-pathways/).

If you or your team have questions about the platforms or CAreer Pathways in general, please email julianna.robbins@library.ca.gov and jen.lemberger@library.ca.gov.

**Public Library Staff Education Program**

The Public Library Staff Education Program is a tuition reimbursement program developed by the California State Library to assist California libraries with staff professional development. Funding for credentialed training is provided to enable library staff to acquire the knowledge and skills needed to support valuable programs and services in their communities. 2021/22 PLSEP grant report information can be found at Manage Your Current Grant - California State Library. The 2021/22 grant year ends 7/31/2022 and the Final Financial Report, Tracking Report, Expenditure Detail Report and Final Program Narrative Report are due by 8/31/2022. For questions, please contact PLSEP@library.ca.gov.

**California Library Connect**

The California Library Connect Program grant (formerly the High Speed Broadband in California Public Libraries) is now live and accepting applications: [https://californialibraryconnect.org/](https://californialibraryconnect.org/)

This program supports California public libraries by connecting them to high-speed internet through the California Research and Education Network (CalREN) — a high-capacity public-sector broadband network. Since 2015, California Library Connect has connected over 90 percent of its public library jurisdictions. California Library Connect is supported through the partnership of the California State Library, CENIC, and CTC Technology & Energy.
Get Connected! California/Affordable Connectivity Program

All California Libraries are invited to participate in the Get Connected! Initiative. Get Connected! promotes the Affordable Connectivity Program (ACP) which provides a monthly discount of up to $30 off home internet to qualifying families. Saturday, August 27 is the first Get Connected! Day in California. Enrollment events will be hosted throughout the state. These enrollment events will support eligible families interested in applying for ACP, answer questions about the ACP benefit, and provide hands-on assistance with the application. Patrons will be encouraged to bring the required documents to apply. To participate in an enrollment event and share how you can contribute to a successful Get Connected! month and day, please visit https://forms.gle/k6YiHeH8Suwhvxy97. FISCAL IMPACT: TBD

RECOMMENDATION: Informational

The Organization

Originally founded in 1966, the Southern California Library Cooperative (SCLC) is a dynamic and expanding consortium of 40 independent city, county, and special district public libraries located in Los Angeles and Ventura Counties, which cooperate in providing library service to residents of the participating jurisdictions. As a cooperative under the California Library Services Act (CLSA), SCLC receives funding for resource sharing and cooperative activities from the California State Library and California Library Services Board.

Formed as a Joint Powers Authority, SCLC brings together 40 member libraries. The 40 directors of these libraries make up the administrative council. Directors serve on the eight-member executive board via rotation. SCLC serves as a resource-sharing network and as a means for enhancing the level and diversity of resources available to library users. SCLC shares resources through reciprocal borrowing privileges for library customers and the delivery of requested and returned materials throughout the region. More recently, SCLC has also maintained a digital content management solution for participating libraries, sponsored shared programming, and maintained shared database licensing.

The SCLC office is located at the Glendale Central Library and is supported by an annual operating budget of $4.9 million and five (5) full-time staff members. Funding for SCLC is derived from three primary sources: CLSA funding, membership dues, and indirect and staffing fees from administering grant projects. Additional revenue is generated by providing administrative and fiscal services for four other CLSA systems (Orange, Riverside and San Diego Counties, along with one cooperative made up of five more rural counties in Central California). SCLC member libraries represent 255 outlets across Los Angeles and Ventura Counties in a vast and diverse region of more than 10 million residents. Member libraries combined with the other cooperatives results in SCLC providing services to more than 20 million residents. Thus, the Executive Director has the potential to have a significant positive impact on the lives of many Californians.

Our Vision
We are developing and delivering a uniform message of values and facilitating collaboration to build capacity to serve the public through operational and financial sustainability.

This is an exciting time for SCLC and its member public libraries as they emerge from the pandemic and move to finalize and adopt their new strategic plan. For the past six months, SCLC has been engaged in a process to develop a three-year strategic plan to guide the organization from 2022-2025. In November 2021, SCLC contracted with consultants BerryDunn, who conducted research, engaged stakeholders in the process and developed a draft plan.

Building upon input from the Administrative Council, plus focus groups and surveys, the Strategic Plan is in the final stages of approval and identifies the following STRATEGIC PRIORITIES:

- Serving as a resource nexus and connecting member libraries and their service populations with a wide variety of innovative, relevant, and high-value resources
- Operating in a fiscally and operationally sustainable manner

Responsibility for carrying out the objectives of the Strategic Plan will rest with the Executive Director, working with the Administrative Council.

The Executive Director

The Southern California Library Cooperative seeks an Executive Director to serve under the general direction of the organization’s Administrative Council and directly manage four staff members in serving the needs of member agencies. The Director is responsible for both the day-to-day administration of the Cooperative and its long-term viability. In addition to serving the 40-member JPA, the Executive Director will oversee operations for four contracted cooperatives that serve the public libraries of several counties in Southern and Central California and maintain a strong, cooperative relationship with the California State Library.
The Ideal Candidate

The Southern California Library Cooperative (SCLC) is seeking an energetic, dynamic, and creative professional with a passion for innovation, learning and community service to build a contemporary, member-focused organization. The ideal candidate will work with the Administrative Council and Executive Committee to develop a clear vision of SCLC as a service driven organization committed to providing a forum for member libraries to share resources, knowledge, and best practices while promoting the value of public libraries in our service area and communities.

The candidate selected will be an approachable leader and spend considerable time building relationships by proactively visiting member libraries and engaging with librarians or liaisons to fully understand member needs. To be successful, it will be important for the Executive Director to establish and foster a positive and collaborative working relationship with the Administrative Council and Executive Committee based on open and timely communication, transparency, mutual respect and trust.

Representing SCLC and its members on a statewide and national level, the ideal candidate must also have a track record of building strong regional and statewide relationships.

The Executive Director works under minimal direction from the Administrative Council and Executive Committee, requiring considerable initiative, self-discipline and judgment to make decisions and develop ideas. In addition, the successful candidate will exhibit the following attributes and/or characteristics:

- A strong mentor and leader who values the input and expertise of staff and partners and fosters an internal culture of open communication, trust and accountability
- Solid business acumen regarding financial sustainability and return on investment analyses
- Demonstrated success in building mutually beneficial partnerships to generate diversified revenue sources beyond member dues and State/local grants
- Able to identify opportunities to promote library awareness and support, as well as motivate the public to visit libraries, through media, collective marketing and messaging
- Effective written and oral communicator who is proactive in anticipating information needs
- Works effectively with all stakeholders, demonstrating a blend of leadership presence and cooperative work style
- Demonstrated commitment to diversity, equity, inclusivity and access

Competitive candidates will possess a minimum of five years’ management experience with associations, consortia, or governmental entities along with a Bachelor’s degree. Master’s degree, including MPA, MBA, JD, or MLIS, preferred. Experience with strategic planning, budget formulation and reporting, grant/contract management, preferably in a nonprofit institution or a consortia government entity will be considered favorably. Knowledge of, or a willingness to learn and adhere to, government-mandated open meeting and open records law is highly desired.

License Required: As this position requires travel by driving to the sites of member entities, possession of a valid California Motor Vehicle Operator’s License or the ability to obtain one is required.
Following the closing date, resumes will be screened in relation to the criteria articulated in this brochure. Applicants with the most relevant qualifications will immediately be granted preliminary interviews by the recruiters. Candidates deemed to be the best qualified will be invited to interview with the Cooperative in October. The Cooperative anticipates making an appointment shortly thereafter following the completion of extensive background and reference checks.

Please note that references will not be contacted until the end of the process and, at that time, will be done so in close coordination with the candidate impacted.

Southern California Library Cooperative reserves the right to alter the interview and selection process in response to public health orders in relation to the COVID-19 pandemic.
