The recruitment for the permanent Controller closed on November 7th and SCLC is starting the review phase of the pool of applicants, with an expected start date of January 1, 2023.    Wayne Walker
   The California Library Services Board (CLSB) met on October 5th. The CLSB approved Santiago’s FY2022/23 Plan of Service and Budget. 8. **CA State Library – eBooks For All Project**  
   Chris Durr

   The California State Library, in partnership with the Black Gold Cooperative Library System, has launched eBooks for All California. Created to equalize access across California, this statewide collection can be accessed by anyone with a California public library card and an internet connection. The size of eBook collections in California public libraries vary and are dependent on local funding. A library with a robust collection budget can provide hundreds of thousands of e-books to its community members; a library with very limited funding may offer few or no e-books. Participating public libraries offer their cardholders access to the free, shared statewide collection of eBooks and eAudiobooks, many of which are simultaneous use. Libraries can make their Overdrive, CloudLibrary, and Axis 360 collections available alongside the statewide collection, all in one seamless, searchable app.

   Users will no longer have to toggle between different providers to see the breadth of a library’s offerings, instead they can access all through the **Palace Project’s eReader app**. Libraries can simplify the way their users find their eBooks at the same time as expanding their collection with the statewide catalog of over 70,000 titles. The State Library is offering grant funding to develop eBook collections for participating libraries ([https://www.library.ca.gov/grants/ebooks-for-all/](https://www.library.ca.gov/grants/ebooks-for-all/)).

   b. **Children’s Services Committee**  
      Judy Booth

      The Children’s Services Committee along with volunteers from their library staff members have presented the Performers Showcase for many years to familiarize themselves and their guests with performers to use for library programming. This was especially valuable in the time before other electronic means to see performers (via their websites or via YouTube, etc.) were available to librarians. This event was interrupted by the COVID pandemic. The Children’s Services Committee requests the opportunity to resume the Performers Showcase on Thursday, January 19, 2023.

      1) Create an all-day event

13. What’s New at your Library
DATE: February 14, 2023  
TO: Santiago Executive Council  
FROM: Wayne Walker – Deputy Director SCLC/Santiago  
SUBJECT: AB361 Renewal

BACKGROUND: On September 16, 2021, the Governor signed AB 361 which allows local agencies to continue to use teleconferencing during a declared state of emergency without adhering to certain Brown Act provisions. Absent this legislation, local agencies would have had to return to traditional Brown Act meeting requirements beginning on October 1, 2021.

The Santiago Executive Council adopted an AB 361 resolution at the meeting of August 16, 2022, renewed at the November 15, 2022 meeting.

AB 361 requires said resolution to be reaffirmed by majority vote every 30 days or at each subsequent meeting if more than 30 days have elapsed. With the continuation of the emergency created by the COVID-19 pandemic, the need for virtual meetings continues.

FISCAL IMPACT: None.

RECOMMENDATION: Reaffirm the resolution attesting to a continued state of emergency and need to follow the provisions allowed by AB 361:

Be it resolved that the Santiago Executive Council reconsidered the circumstances of the state of emergency declared by the Governor and at least one of the following is true: (1) The state of emergency, continues to directly impact the ability of the members of this legislative body to meet safely in person; and/or (2) State or local officials continue to impose or recommend measures to promote social distancing.”

## ACCOUNT BALANCES

Balance as of December 31, 2022: $402,983
BACKGROUND: Each year the CA State Library offers the Public Library Staff Education Program (PLSEP) Grant to cooperative systems. The grant offers tuition reimbursement to library staff currently enrolled in classes working towards a library degree. The application period to manage the FY22/23 PLSEP grants ran through December. The Federal grant awards system SAM.gov no longer recognizes the DUNS number assigned to each system and now requires each system to register for a Unique Entity Identification (UEI) number, even if an entity is registering to be a sub awardee through the CA State Library. Only SCLC met the minimum documentation requirements to be validated as an entity with SAM.gov in order to be assigned a UEI. The other 4 systems SCLC manages do not currently have the proper documentation available to verify a physical business address to be validated and assigned a UEI.

SCLC staff worked with the State Library to join all 5 systems applications under SCLC to be managed by SCLC as one larger grant. The CA State Library is looking to make the PLSEP grant program one comprehensive grant combining all systems to be managed by one single fiscal and administrative agent, versus the grant being assigned currently system by system.

The following is the list of PLSEP applicants from Santiago who were awarded a funding allocation to request tuition reimbursement. The students have been notified of their award status. Students who applied and were not awarded were placed in a wait list in the event the below students due not request their full awarded allocation for reimbursement. All students have been notified and the project has commenced through SCLC.

TO: Santiago Council
FROM: Christine Powers, Executive Director, SCLC/Santiago
Wayne Walker, Deputy Director, SCLC/Santiago
SUBJECT: Planning for CLSA 23/24 System Plan of Service

BACKGROUND: The proposed CLSA system allocations for FY23/24 are still unknown and will not be available until later this Spring. In recent years, Santiago members have voted to distribute funds to member libraries using a population-based formula. Funds not allocated for the annual system audit were appropriated for members to spend on either eResources or Telecommunications to support patron internet infrastructure at member libraries.

For the proposed CLSA system allocations for FY23/24, the determination will need to be made if the system wishes to proceed with the same model and process of distributing funds to members using a population-based formula. Should the members choose to continue this method of funding allocations, staff will distribute a survey to each member library to determine what category of funding they are utilizing so that this can be reflected in the Plan of Service.

If another model of spending the CLSA funds is desired, some discussion, coordination, and time will be required to obtain the final decision during the May meeting. This will allow for the submission of the CLSA Plan of Service for 23/24 by the usual June deadline.

FISCAL IMPACT: To be determined.

The California Library Connect Program is now accepting applications. Libraries may apply for grants to cover eligible IT/network infrastructure equipment and expenses, as well as the first-year costs of upgrading or installing a new high speed Internet circuit. This program also supports California public libraries by connecting them to high-speed internet through the California Research and Education Network (CalREN) — a high-capacity public-sector broadband network. We have also launched the California Collaborative Connectivity Grant, a separate grant opportunity that provides gap funding for libraries and partner anchor institutions to construct broadband circuits to connect underserved communities. State of CA funded.
For California Library Connect questions, please contact us at admin@californialibraryconnect.com, the California Library Connect Grants Coordinator email grants@californialibraryconnect.com or through our help line at 213-297-0109 (Monday-Friday, 7:00AM-3:00PM PST).

Every California student, with or without a library card, has access to 24/7 online tutoring in core K-12 subjects. Spanish language tutors will be available as well as tutors fluent in Mandarin, Cantonese, Vietnamese, and Tagalog.
