c/o SCLC 222 E. Harvard St., Glendale, CA 91205

DATE: August 15, 2023
TO: Santiago Executive Council
FROM: Christine Powers, Executive Director – SCLC/Santiago

SUBJECT: CLSA FY 2022/23 System Program Annual Report (ACTION)

BACKGROUND: Each year, the Santiago Library System receives California Library Services Act (CLSA) funds to promote resource sharing within the system. To receive these funds, Santiago submits a Plan of Service each June outlining how it will spend funds for the upcoming fiscal year, which is reviewed and approved by the California State Library Board (CSLB).

Each September, the California State Library (CSL) requires a System Program Annual Report from systems that receive CLSA funding. This report provides information to the CSLB and to the California State Library (CSL) about how CLSA funds were spent by the system and the resulting benefit to the communities served by the member libraries.

In order to complete Santiago's CLSA FY2022/23 System Program Annual Report, a survey will be distributed to CLSA-eligible members requesting the following information:

- For those members who used their distribution for eBook, the number of titles that were licensed;
- How the funds benefitted their communities, as reflected through examples or stories; and
- What related, non-CLSA activities were provided for Communications and Delivery.

FISCAL IMPACT: None

RECOMMENDATION: Authorize the Executive Director to work with the Chair to complete the CLSA FY2022/23 Annual Report for submission to the State Library by the September deadline.

Once you have completed the process, please email a copy with an electronic signature to monica.rivas@library.ca.gov.

Please contact Monica.Rivas@library.ca.gov with any questions.
CALIFORNIA LIBRARY SERVICES ACT
SYSTEM EXPENDITURE REPORT

INSTRUCTIONS

The Expenditure Report is expected from all systems. This does not mean that all systems received equal funding, or that they have the same income sources, system services, or expenditure programs. What was expended should be presented in the same way, through use of the System Expenditure Report.

This Expenditure Report is used to document all the actual expenditures made at the system level and should not be confused with the System Detailed Budget. For the purposes of this report, all legal encumbrances should be considered as expenditures. Funds put into equipment revolving funds are considered to be encumbered and should be shown as expenditure. All amounts entered on this form represent expenditures from a specific income source and for a particular program category. If there is more than one income source for expenditures against a single category, it should be shown that way and then totaled in the "Expended/Encumbered" column. It should be noted here that the sources of funds for expenditures are the same as those used in the System Detailed Budget, shown as income sources, but now the system is spending against these income sources.

We realize that it may not be possible to have all the final accounting data available in time to comply with the September 3 deadline for this report. If this is the case, please make all attempts to provide the latest data available. When the final data is made available, please resubmit a revised document with that data.

This expenditure form is a matrix with the income sources supporting expenditures as one dimension and system program expenditure categories as the other. Note that only major categories of expenditure are required -- this is not a line-item expenditure report. However, all programs and services offered through the system should be included (i.e., LSTA programs, local programs, etc.) whether they are funded by CLSA or not. Likewise, all sources of expenditure should be included. The System Expenditure Report should offer as complete a picture of the system's services and sources of support for those services as possible. Note that all income received is considered to be either expended/encumbered or unexpended/unencumbered.

Expenditure Source Definitions

a. "Total Funds Budgeted." This column is for final budget figures, i.e., the final spending authority for the reported fiscal year. This final budget figure is used instead of the preliminary budget figures from the System Detailed Budget to reflect as accurately as possible what actually occurred during the reported year. One of the values in having similar forms for these reports is to permit the System Detailed Budget figures to be compared to the actual expenditure in the System Expenditure Report. This comparison, along with other planning documents, will aid Systems in determining how well their budget estimation and planning process is working.

b. "CLSA." Enter the amount expended for each expenditure category for the CLSA C&D Program. Include only the C&D program baseline amounts for Program 2. PC&E should be shown in Column b (CLSA) for Program 1 (System Administration).

c. "LSTA" includes expenditures for System Administration grant awards and any other LSTA awards that the System has received for the fiscal year. See Program Definition below.

d. "Local funds/fees" means those expenditures against the total of all member contributions, charges, or other
income generated by the System itself. Include expenditures for System reference here, and income from sales of publications.

e. "Interest" means expenditure against interest earned on System funds from whatever source.

f. "Other" is used for expenditures against sources of income not otherwise covered, e.g., local project grants or government programs other than LSTA. Include transfers from System reserves.

g. "Expended" funds already used or payed out. (b through f).

h. "Encumbered" funds are placed aside for a specific future expense (b through f).

i. "Unexpended Balance" is the difference between the total budgeted (a) and the total expended/encumbered (g & h).

**Encumbered Funds from Prior Year and Rollover**

State (CLSA), Federal and Local funds encumbered from prior year and not yet expended. Funds rolled over from within the three years allocated to spend CLSA funding. You will be asked in the narrative to state the fiscal year, the amount of rollover funding still unspent or encumbered, the intended purpose of those funds from the Board approved Plans of Service, and the reason why funds are still in rollover status.

**Program Definition**

A program includes any program, service, or project, administered, and funded through the System. This includes not only the CLSA System C&D Program and (System Administration/Baseline) but also LSTA demonstration projects, System reference, and the like. It does not include programs, projects, and services which are administered and funded separately from the System.

**Other Definitions**

"Indirect" means any administrative charge made by a jurisdiction against System operations. Unless documented elsewhere in the Plan of Service, attach a description of the services received.

"Grand Total Expenditures." Use this line for total actual expenditures for all System programs.

In summary:

1) This is an expenditure document, not a budgeting document.

2) This is an accounting document and should be as accurate as possible.

3) Legal encumbrances should be considered the same as expenditures.

4) If there are expenditures from more than one income source for a specific program category, this should be indicated and then totaled in the “Expended/Encumbered” column.

A **NOTE** section was provided in the System Expenditure Report as a section if further explanation is needed (example: funds from multiple years).

We welcome comments on your experience in using this form and would appreciate any suggestions for its improvement.

Agenda Item 07

DATE: August 15, 2023
TO: Santiago Executive Council
FROM: Christine Powers, Executive Director – SCLC/Santiago

SUBJECT: Authority for Financial Institutions (ACTION)

BACKGROUND: The Southern California Library Cooperative (SCLC) provides administrative and financial services to five library cooperatives. In an effort to streamline business operations, staff sought to centralize banking for all five cooperatives with one bank, while continuing to maintain separate accounts for each cooperative. Given the geographical span of the five cooperatives managed by SCLC, and that two of the existing cooperatives utilized Bank of America, staff had requested authority from the remaining cooperatives to switch to Bank of America, which has multiple locations in each cooperative’s jurisdictions to allow members of each cooperative to access their bank.

At its last meeting in May 2023, the Santiago Library System authorized staff to close its Pacific Premier Bank checking account and to open an account for Santiago at Bank of America. As staff began this process, it became apparent that Bank of America did not have the ability to open government accounts for the various cooperatives. After some additional research, staff was able to determine that JP Morgan Chase has the infrastructure and ability to open government accounts. After discussions with their representatives, staff determined that it would like to utilize JP Morgan Chase for all cooperatives that it manages.

Signature Authority for the new account will be maintained as directed at the May 2023 meeting to Executive Director, Christine Powers; Santiago Chair, Santiago Vice Chair; and Project Manager, Nerissa Snodgrass.

FISCAL IMPACT: None
RECOMMENDATION: Authorize staff to close Santiago Library System’s Pacific Premier Bank account, open a new account with JP Morgan Chase, and transfer all funds from Pacific Premier Bank to JP Morgan Chase.

Continue to authorize signature authority for Santiago Library System’s bank account for the following individuals: Executive Director, Christine Powers; Santiago Chair, Santiago Vice Chair; and Project Manager, Nerissa Snodgrass.

FROM: Christine Powers, Executive Director – SCLC/Santiago

SUBJECT: Santiago Library System Webpage Update (DISCUSSION)

BACKGROUND: At the last system meeting, members of the Santiago Library System voted to discontinue use of the system’s Google Drive, and directed staff to build a subpage for Santiago under the Southern California Library Cooperative’s main website.

This webpage includes Santiago’s name, logo, a brief description of the organization, a list of member libraries, and a link to meeting agendas. Staff will take care of updating this site regularly to post agendas in compliance with the Brown Act and make any updates regarding member library contact information, as needed.

The webpage is still under construction as of the drafting of this report, and has not yet been made public. A majority of the site is complete, pending one technical issue before going public. Once the site is complete, staff will share a link to the website with all members via email.

FISCAL IMPACT: None

RECOMMENDATION: Informational only

Broadband: California Library Connect and Collaborative Connectivity Grant– Rolling Due Dates

The California Library Connect Program is now accepting applications. Libraries may apply for grants to cover eligible IT/network infrastructure equipment and expenses, as well as the first-year costs of upgrading or installing a new high speed Internet circuit. This program also supports California public libraries by connecting them to high-speed internet through the California Research and Education Network (CalREN) — a high-capacity public-sector broadband network. We have also launched the California Collaborative Connectivity Grant, a separate grant opportunity that provides gap funding for libraries and partner anchor institutions to construct broadband circuits to connect underserved communities. State of CA funded.

For California Library Connect questions, please contact us at admin@californialibraryconnect.com, the California Library Connect Grants Coordinator email grants@californialibraryconnect.com or through our help line at 213-297-0109 (Monday-Friday, 7:00AM-3:00PM PST).

Visit the grants page of the California State Library website for a listing and timetable of new and upcoming funding opportunities and statewide resources available.

Career Online High School

The Career Online High School (COHS) program no longer requires libraries to provide a local cash match commitment to participate. Libraries may opt into the COHS program at any time using the COHS Interest Form, and will receive training and implementation support, have access to the California State Library's universal scholarship supply, and complete a short mid-year and end-of-year report. COHS questions can be sent to cohs@library.ca.gov
